Tuesday 25<sup>th</sup> Sept. – Individual School Photographs

Friday 28<sup>th</sup> September Sharing Assembly @2.30pm

**Federation**

Welcome back everybody, and a special welcome to all our new starters.

On Monday 17<sup>th</sup> September we will be hosting an Online Safety session for all parents across both schools. This is a free event and will look at how to manage the risks and impact of social media on children. The event is being held at Sand Hutton from 6.00pm – 7.00pm.

All children from Reception to Year 5 should have received a letter regarding the Influenza Vaccinations. It is important that you complete the on line consent form by the end of September to ensure your child receives the vaccine, and help to stop the circulation of flu.

Parents Meeting's will be held on Wednesday 14<sup>th</sup> October at Sand Hutton School and Wednesday 24<sup>th</sup> October at Warthill.

We are looking to create gardens made of recycled containers in both schools. We already have offers of tractor tyres and thought that there would be other vessels which could be used as planters for herbs and vegetables such as: baby baths, buckets, sinks

We aim to use the produce in a variety of ways.

If you have anything which you think might be useful to us, please would you contact school so that we can decide whether it might be something which we could add to our garden.

We are very excited about this venture and would welcome any thoughts..

## Sand Hutton

Sand Hutton have enjoyed a range of activities this week, which have helped them focus on their own skills and abilities; including team work and perseverance. The characters from the film, Inside Out have been used to help the children build their knowledge of vocabulary related to emotions, think about their own emotions and how they can help others.

The children (and staff!) have had lots of fun exploring leaves and trees, making fires and cooking pancakes on them outdoors, completing the York City Knights inflatable assault course and their own personal skipping challenge. There is a display of photos taken this week in the corridor between Class 3 and 2. Feel free to take a peek!

Miss Heffernan

## Warthill

Warthill have also enjoyed the various activities over the last week including York City Knights and Box 2B Fit. A special thank you to the parents who stayed back after school and took part in Skip 2B Fit. At Warthill we also used the Inside Out film as a basis for the children to think about their emotions and how they affect others.

We had a fantastic day with Outdoor Ted and had the opportunity to hone our outdoor cooking skills making blackberry pancakes with our very own blackberries.

The infant Class went on a bear hunt and had great fun making bird feeders for our outdoor area. We also played team building games and created some hedgehog friends.
